It SOOTHES the CHILD, SOFTENS the GUMS, ALLAYS all PAIN; CURES WIND COLIC, and is the best remedy for DIARRHOEA. Sold by Druggists in every part of the world. This Means "Good."

In an early form of Egyptian writing the pictograph above means "GOOD." Had the ancients been familiar with Dixon's Eterno, they would have simplified their art of writing and left a much more complete record of their time.

Dixon's Eterno

writes black, copies purple, and is good, the writing being practically indestructible. It furnishes a much better copy than copying ink. The leads are tough, take a sharp point, and answer every use of pen and ink where haste is imperative and future reference demanded.

Sold by all stationers, with or without nickel-plated point protector.

Dixon's Pencil Guide, indexed by vocations, tells the pencil for your special use. Sent free if you write and mention this publication.

A History of Matrimonial Institutions

CHIEFLY IN ENGLAND AND THE UNITED STATES

—By—
George Elliott Howard
Professor of Institutional History in the University of Nebraska

... His work, based on the investigations of all accessible literature, historical, scientific, and legal, touches upon every problem involved in marriage and divorce, and its optimistic conclusions are quite in harmony with the true interpretation of evolutionary facts concerning the social development of mankind. It would be well if the extreme advocates of "divorce reform" and the Mormonophobiacs could give it careful perusal. For even the general public Professor Howard's volumes cannot fail to be both interesting and instructive, for they deal attractively with the most human of all institutions, and contain a mass of facts nowhere else obtainable.—

LIQUID GRANITE FOR FLOORS

IF you are having any trouble with the finish on your floors, or are not entirely pleased with their appearance, it is certain you have not used LIQUID GRANITE, the finest floor finish ever introduced.

It makes a finish so tough that, although the wood will dent under a blow, the finish will not crack or turn white. This is the highest achievement yet attained in a Floor Finish, and is not likely to be improved upon.

Studies in General Physiology

By *JACQUES LOEB, M.D.*

Professor of Physiology in the University of California

FEELING sure of a general interest in biological sciences, The University of Chicago Press takes pleasure in calling attention to the two-volume edition of Dr. Loeb's important researches on life-phenomena. The numerous references in the daily press to the work of Dr. Loeb and the startling headlines that often have excited curiosity and distrust have created a demand for accurate information about these investigations. Such information is contained in these volumes. Dr. Loeb has collected his scattered contributions, mostly printed in German, and has here collated them in an orderly and progressive series of chapters, omitting nothing of importance, guarding against repetition, and yet giving due space to the less conspicuous steps in his attempts to solve the mysteries of reproduction and other life-processes.

The work will be useful as a book of reference, and should therefore be available in every public and private library where an attempt is made to keep abreast of the most advanced scientific literature of the day.

The Recollection of Quality Remains
Long After the Price is Forgotten.

The Fox Typewriter is eminently a "quality" machine. Being comparatively new, in order to sell it, WE HAD TO GIVE MORE QUALITY FOR \$100.00 than others then better known. The proof of this is the fact that the Fox has been selected in competitive tests by some of the largest and most cautious typewriter buyers in this country.

On account of its perfected, superior and simple mechanical construction, the Fox will outlast any other typewriter. It costs practically nothing to keep it in perfect order. Write us about our free trial plan.
